FOR IMMEDIATE RELEASE:

Antibes, July 2010

In-House Crew Services

HILL ROBINSON is delighted to announce the introduction of new improved Crew Services.

Crew payroll and Administration

In response to new legislation, notably social security charges and contractual requirements, HILL ROBINSON now offers a new **Crew Payroll and Administration** service. For most EU or US owners, having a dedicated company to take care of crew employment makes sense and provides peace of mind. Equally for crew, it is to their advantage to have a specialised Crew Employment Services company providing correct employment contracts, timely payroll transfers and ensuring every aspect of their employment is handled correctly.

Using HILL ROBINSON payroll services, crew will be employed by a dedicated Crew Employment Services company based in Guernsey. This will ensure that the crew are legitimately employed and paid by a non EU or Isle of Man Company.

Crew Selection and Recruitment

Crew turnover can be a nightmare...As Yacht Managers HILL ROBINSON are already responsible to the owner for the on board management and the team employed. With their extensive database they have access to a wide range of candidates and using their detailed knowledge of the owner, the existing crew, the vessel's requirements and the candidate, they are in the best possible position to make a placement that works for all parties.
